for METHOD AND APPARATUS FOR PROVIDING PULSE WIDTH
MODULATION;
Our File No. 019730-000110US

Dear Sir:

Please find enclosed the Declaration and Power of Attorney for the above-referenced patent application. The Notification of Missing Requirements under 35 USC 371 in the United States Designated/Elected Office indicated that a translation of the application into English was also required. However, the PCT application was originally filed in English; therefore, in view of the fact that a copy of the International application has been forwarded by the IB to the USPTO, it is believed that a translation of the application into English is not applicable.

If for some reason you do require another copy of the application, please let me know. I can be reached by phone at 303-571-4000.

If you should have any further questions, please let me know.

Very truly yours,

William F. Vobach
